The Power
of Introverts
in a world
that can't
stop talking

I prefer one-on-one conversations to group activities.

I often prefer to express myself in writing.

I'm not a big risk-taker.

I enjoy work that allows me to "dive in" with few interruptions.

I like to celebrate birthdays on a small scale, with only one or two close friends or family members.

I prefer not to show or discuss my work with others until it's finished.

I dislike conflict.

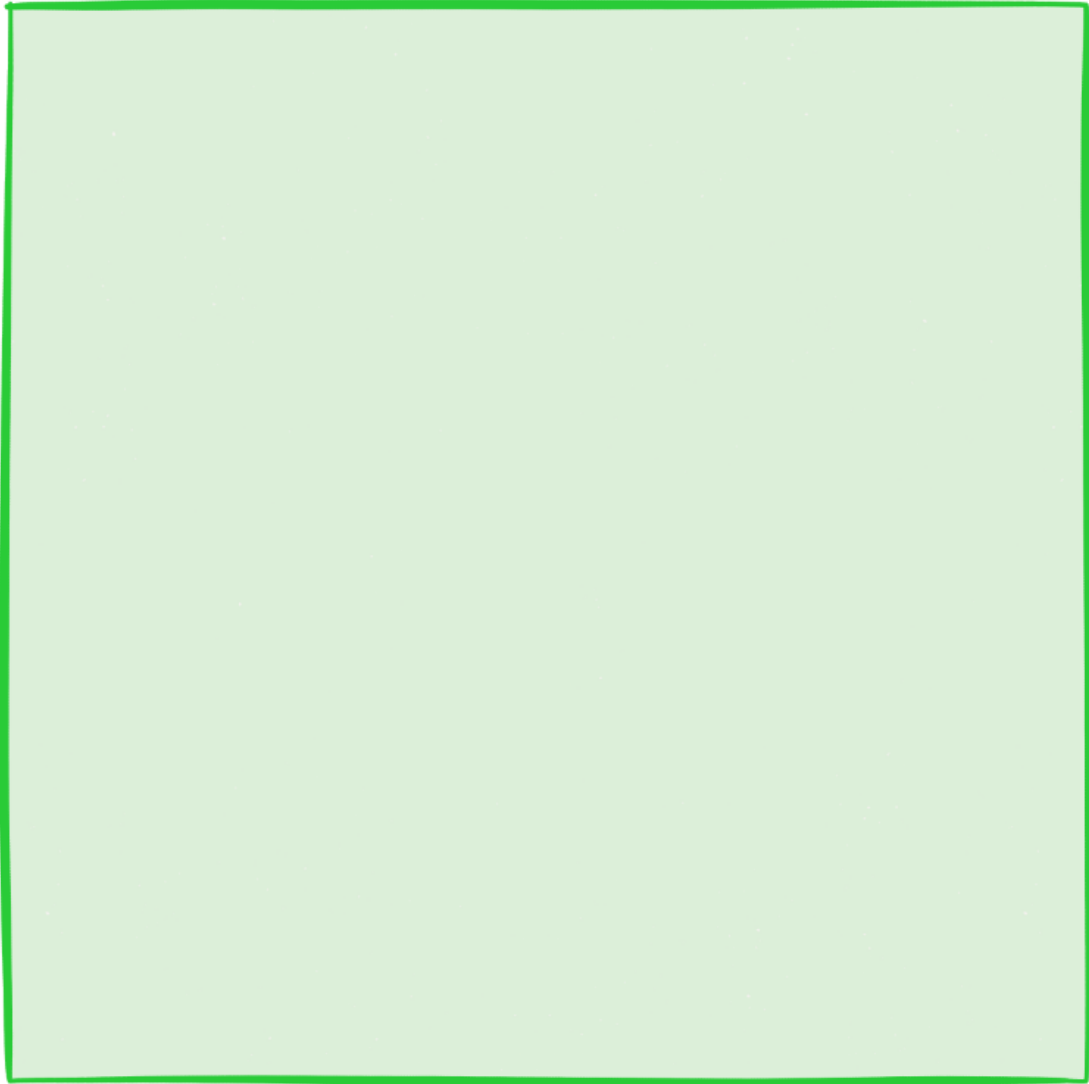

I do my best work on my own.

I feel drained after being out and about, even if I've enjoyed myself.

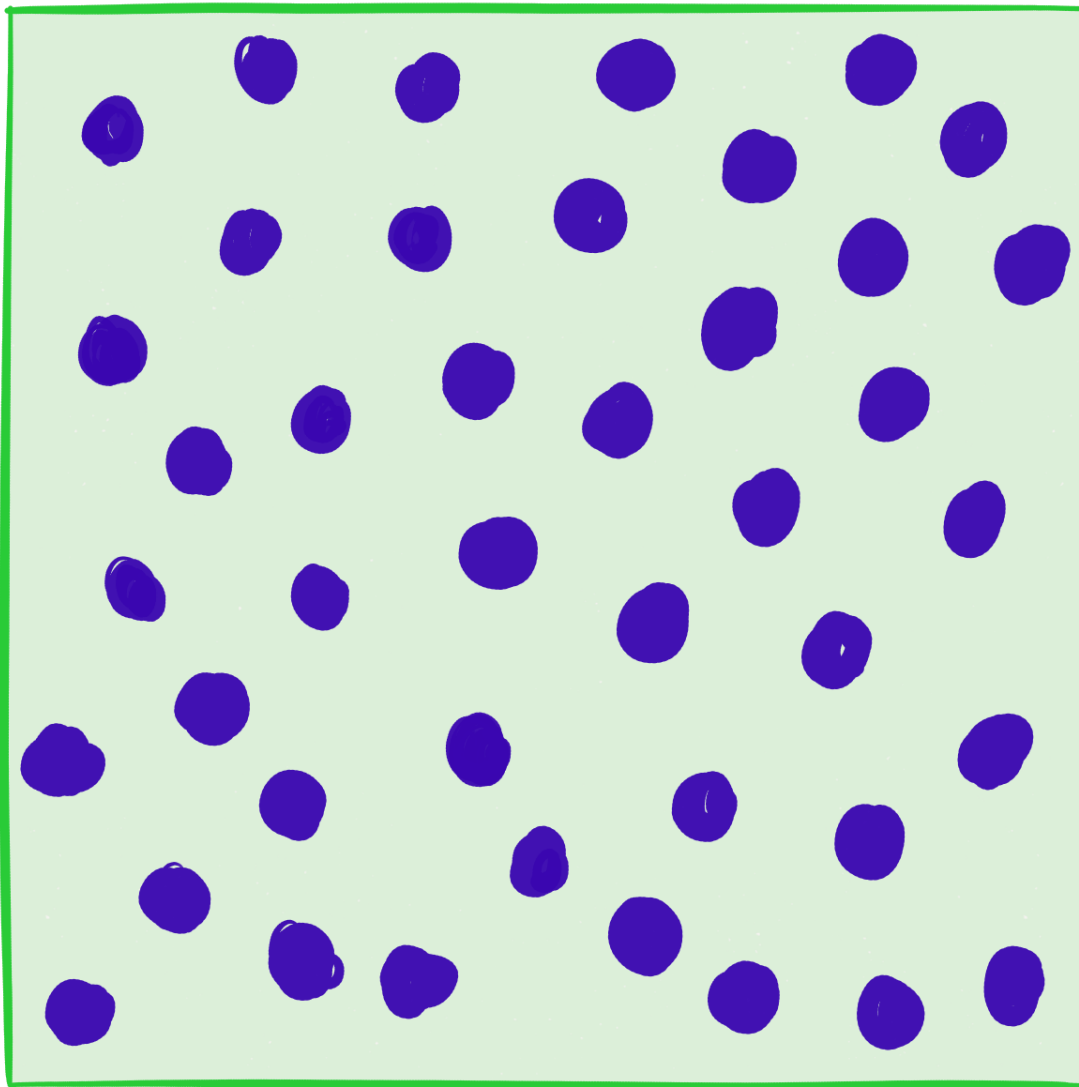

I can concentrate easily.

My An

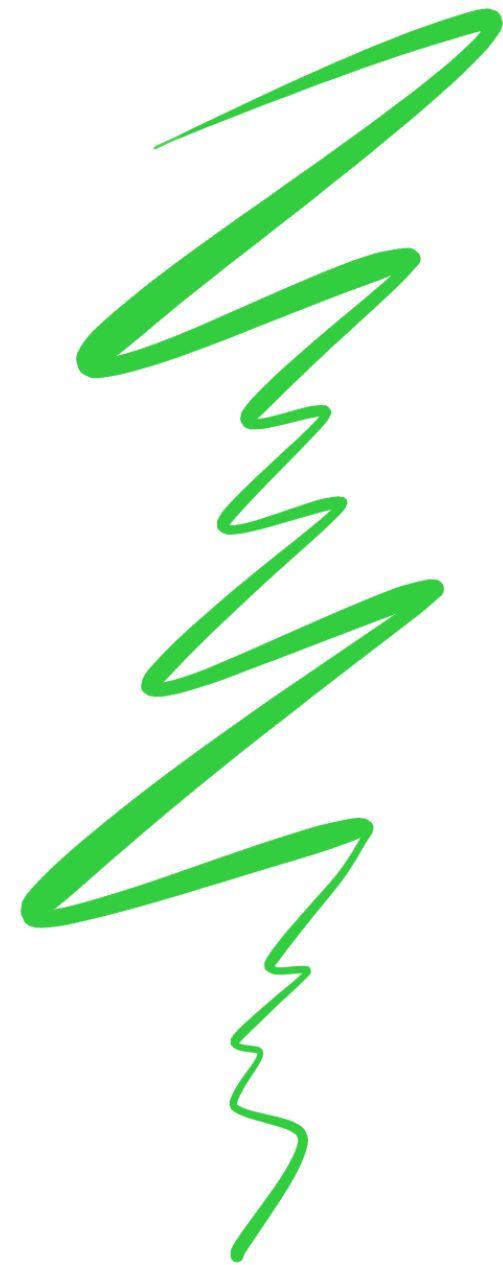

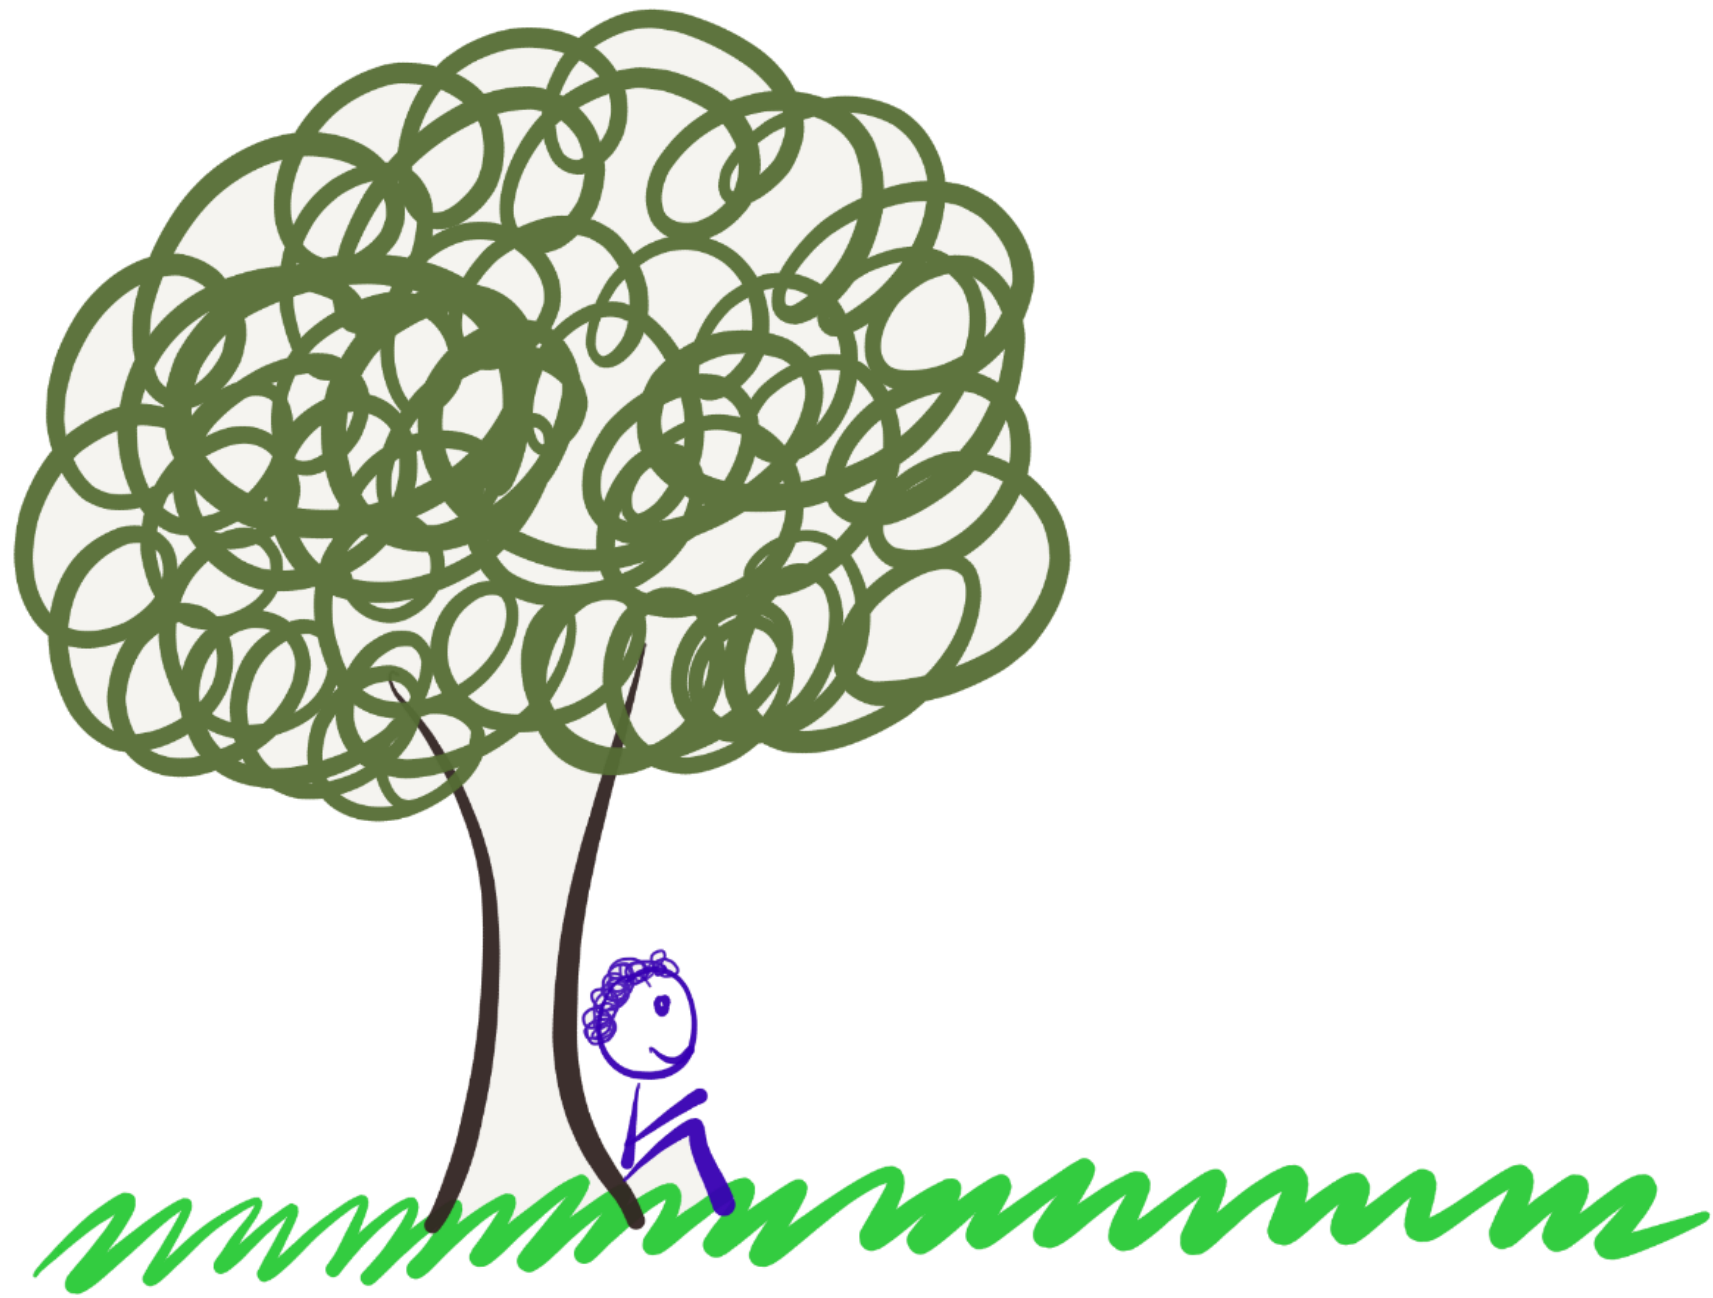

Myth
